Churchill begins his story with the Treaty of Versailles, which was signed in 1919 to end World War I. The treaty was widely seen as a harsh and punitive peace settlement that left Germany feeling humiliated and resentful. Churchill argues that the treaty sowed the seeds for the Second World War by creating the conditions that allowed Hitler to come to power.

Hitler was a charismatic and ambitious leader who quickly rose to power in Germany. He promised to restore Germany to its former glory and to avenge the humiliations of the Treaty of Versailles. Churchill describes Hitler's rise to power in detail, and he provides a vivid portrait of the man himself.

Once Hitler was in power, he began to rearm Germany and to prepare for war. He also began to pursue a policy of territorial expansion, which eventually led to the outbreak of war in 1939. Churchill provides a detailed account of Hitler's foreign policy, and he argues that Hitler was ultimately responsible for the outbreak of war.

The Gathering Storm is a classic work of history that provides a valuable perspective on one of the most important conflicts in human history. Churchill's writing is clear and engaging, and he provides a wealth of detail and insight.
